Overview

Description and Specifications:

The Illinois Tollway is giving notice of intent to award contract 14-0017 Intelligent Transportation System (ITS) Field Equipment Maintenance to Meade, Incorporated.

This was competitively advertised and bid. The Tollway received only one bid for this procurement. A sole bid inquiry was performed. The determination was that Meade, Inc. has the qualifications and experience to provide these services and it is in the best interest of the Tollway to award a contract to this vendor.

This contract provides a source for the maintenance of the Tollway's ITS field equipment. The ITS system operates in real-time 24 / 7 to monitor vehicular traffic on all Tollway roads in real time, as well as to monitor and record activity near cash collection locations and inside and outside other facilities in the field.

The vendor will perform standard critical and emergency maintenance activities for the Tollway's Traffic and Incident Management System (TIMS) Field equipment; State Police-operated weighing systems; Fleet's fuel island control units; building surveillance equipment; and all related hardware, power, and communication infrastructure.

The contract start date is an estimate and will start upon execution of the contract.
